

ANTAR JUTLA

PO Box 6103, West Virginia University, Morgantown, WV 26506
antarpreet.jutla@mail.wvu.edu| 304-293-9944
<http://research.hydroepidemiology.com/>

PROFESSIONAL APPOINTMENT(S)

- 2012-
current **Assistant Professor** (*Tenure track*),
Department of Civil and Environmental Engineering, West Virginia University,
Morgantown, WV.
- 2011-2012 **Post-Doctoral Researcher**,
National Oceanic and Atmospheric Administration (NOAA), Silver Spring, MD

EDUCATION

- 2011 **Ph.D.**, Civil and Environmental Engineering, *Tufts University, USA*. (Major: Water Resources) ADVISOR: Dr. Shafiqul Islam
- 2006 **M.Sc.**, Civil and Geological Engineering *University of Saskatchewan, Canada*. (Major: Water Resources)
- 2003 **M.Tech.**, Soil and Water Engineering, *Punjab Agricultural University, India*. (Major: Water Resources)
- 2001 **B. Tech.**, Agricultural Engineering, *Punjab Agricultural University, India*.

RESEARCH INTERESTS

- Hydroclimate-Environment-Human Health nexus
- Remote sensing of hydrological processes (including prediction of extreme events)
- Food security, human nutrition and water governance.

AWARDS AND HONORS

- 2015 Outstanding Researcher of the year- WVU, Morgantown.
- 2014 Best paper award from Remote Sensing and Programmetry Society Letters, UK,
for manuscript published in Remote Sensing Letters.
- 2014 International Scholar Appreciation Award, West Virginia University, USA
- 2010-2011 Jonathan Curtis Fellowship, Tufts University, USA
- 2009-2010 Littleton Fellowship, Tufts University, USA
- 2009-2010 Tufts Institute of Environment Fellowship, Tufts University, USA
- 2006, 2008 Graduate Research Fellowship, Tufts University, USA
- 2003-2005 Graduate Fellowship, Ministry of Human Resources, Government of India.
- 2001 *'Innovation Potential of Students'* Project Award-2001, Indian National
Academy of Engineering, India.
- 2001-2003 University Fellowship., Punjab Agricultural University, India
- 1997-2001 University Fellowship., Punjab Agricultural University, India
- 1990-1997 National Scholarship, Government of India.

SCHOLARLY EXPERIENCE

- 2005-2011 Graduate Research Assistant, Tufts University, USA
- 2003-2005 Graduate Research Assistant, University of Saskatchewan, Canada
- 2004-2005 Graduate Teaching Assistant, University of Saskatchewan, Canada
- 2000-2001 Research Intern, National Agro Industries, India
- 1999-2000 Trainee-in-Research , Farm Machinery Training and Testing Institute, India

PROFESSIONAL DEVELOPMENT

- 2017 MERRA-2 Applications Workshop, June 19, 2017, NASA -GSFC, MD
- 2015 Integrating Prediction and Forecasting for Decision-Making: Dengue Epidemic Prediction. Office of Science and Technology Policy, **White House**, Washington DC, September 21, 2015.
- 2015 2nd ICESat-2 Applications Workshop, March 10 & 11, NASA -GSFC, MD
- 2014 How to Engineer Engineering Education, Bucknell University, Lewisburg, PA
- 2013 Prediction of pathogenic vibrios using satellites, Office of Science and Technology Policy Workshop for Predict the Next Pandemic, **White House**, Washington DC.
- 2012 Chesapeake Bay & Puget Sound Health Workshop on Integrating Climate and Environmental Information with Disease Surveillance to Address Pathogens and Algal Toxins of Concern to Public Health, University of Maryland, MD.
- 2012 Annual Climate Prediction Applications Science Workshop, University of Florida, Miami.
- 2011 2nd Soil Moisture Active Passive (SMAP) Applications Workshop, Washington, DC
- 2007 MODIS Data Workshop, University of Maryland-Baltimore County, USA
- 2005 Introduction to University Teaching, University of Saskatchewan, Canada
- 2003 HTML-Basics, University of Saskatchewan, Canada
- 2004 Dreamweaver-Introduction, University of Saskatchewan, Canada
- 2004 Dynamics of Science-Societal Interaction, University of Saskatchewan, Canada
- 2001 Programming in C++, Ludhiana Institute of Management Association, India

CONFERENCE SESSIONS CHAIRED/CONVENED

Climate, Hydroepidemiology and Health

American Geophysical Union's Fall Meeting, San Francisco, Dec 14-18, 2015.

Water and Climate (Co-Chair).

International One Health Congress, Netherlands, March 13-15, 2015.

Hydroepidemiology: Understanding Connections Between Hydrology and Human Health.

American Geophysical Union's Fall Meeting, San Francisco, Dec 15-19, 2014.

Water, Climate and Health.

European Geosciences Union General Assembly, Vienna, Austria, April 27-May 02, 2014.

Water, Climate and Health.

European Geosciences Union General Assembly, Vienna, Austria, April 05-09, 2013.

Hydro-epidemiology: Understanding Connections Between Hydrology and Human Health
American Geophysical Union's Fall Meeting, San Francisco, Dec 3-7, 2012.

Water, Climate and Health.

European Geosciences Union General Assembly, Vienna, Austria, April 22-27, 2012.

Hydroepidemiology: Connecting Hydrology with Human Health.

American Geophysical Union's Fall Meeting, San Francisco, Dec 5-9, 2011.

Hydroepidemiology: Connection of Hydrology with Human Health.

American Geophysical Union's Fall Meeting in San Francisco, Dec 13-18, 2010.

PROFESSIONAL SERVICE

Editor , GeoHealth, AGU Publications	2016-current
Associate Editor , Frontiers Journal of Public Health	2013-current
Guest Editor , Water Resources Research, AGU	2013-2014
NASA Panel Member	2015
NASA EPSCoR Panel Member	2015
NASA Post-Doctoral Review Board Panel	2014, 2015

TEACHING AND COURSE DEVELOPMENT

Course	Institute
• Hydrotechnical Engineering* (CE322)	West Virginia University
• Water, Health and Environmental Sustainability** (<i>new course</i>)	West Virginia University
• Environmental Systems Modeling ** (<i>new course</i>)	West Virginia University
• Environmental Health and Modeling ⁺ (<i>new course</i>)	West Virginia University
• Introduction to Geomatics* (CE-305)	West Virginia University
• Hydrological Modeling using HEC-HMS for Water Professionals	World Bank
• Hydrology & Water Resources Engineering* (CEE-112)	Tufts University, USA
• Water Resources Engineering* (CE-464)	University of Saskatchewan, Canada
• Engineering Mechanics* (GE-124)	University of Saskatchewan, Canada

* Undergraduate; **Graduate; ⁺ Undergraduate/Graduate;
Student Evaluation Score (cumulative for past five years): 4.1 (out of 5)

PUBLICATIONS

PEER REVIEWED JOURNAL ARTICLES

PRESENTATIONS

INVITED TALKS / ORAL PRESENTATIONS

1. Reanalysis data for water borne infections, MERRA-2 Workshop, NASA-GSFC, MD June 19, 2019 (with Colwell, R.)
2. A Multiscale Satellite Based Prediction of Diarrheal Disease: Case Study from Cholera. *American Meteorological Society*, Jan 22-26, 2017 (with Colwell, R.).
3. Changing climate and infections in the Middle East, Annual Climate Change Conference, Ras-Al-Khaimah, UAE April 4, 2017 (with Colwell, R.)
4. Understanding coupling between natural and human systems to ensure disease resilient societies. *American Geophysical Union*, San Francisco, California, December 12-16, 2016 (with Nguyen, T. and Colwell, R.).
5. Utilizing Earth Observations for Reaching Sustainable Development Goals in Water, Sanitation and Public Health. *American Geophysical Union*, San Francisco, California, December 12-16, 2016 (with Akanda, A., Hasan, M., Nusrat, F., Jutla, A., Huq, A., Alam, A., and Colwell, R.).
6. Managing burden of diarrheal diseases in Sub-Saharan Africa, Health in Africa and the Post-2015 Millennium Development Goals. *University of Illinois, Urbana*, May 20-22, 2015 (with Nguyen, H., Iwelunmor, J.)
7. Role of precipitation in creating environmental conditions for diarrheal pathogens, *GPM Applications Workshop, Washington DC*, June 09, 2015 (with Colwell, R.)
8. Understanding Climate Change Impacts in a Cholera Endemic Megacity: Disease Trends, Hydroclimatic Indicators and Near Future-Term Projections. *American Geophysical Union*, San Francisco, California, December 14-18, 2015 (with Akanda, A., Colwell, R.)
9. Jutla, A., Prediction of Dengue using statistical approaches, Integrating Prediction and Forecasting for Decision-Making: Dengue Epidemic Prediction. *Office of Science and Technology Policy, White House, Washington DC*, September 21, 2015.
10. How changing climate will impact cholera in Asia and Africa, Climate Prediction Applications Science Workshop, *George Mason University, VA*. May 06-08, 2014 (with Colwell, R.)
11. Revisiting Cholera-Climate Teleconnections in the Native Homeland: ENSO and other Extremes through the Regional Hydroclimatic Drivers. Proceedings of the American Geophysical Union, San Francisco, California, December 15-19, 2014 (with Akanda, A., Huq, A., Colwell, R.)
12. The Challenge to Predict Diarrheal Diseases, Cholera symposium in the Kruger National Park, Pretoria, South Africa, 13-15 Feb 2013 (Invited)
13. Hydroclimatological Controls of Endemic and Non-endemic Cholera of the 20th Century. *American Geophysical Union, San Francisco, California*, December 03-07, 2012 (with Colwell, R., Whitecombe, E.).
14. Regional Water Security and Public Health Implications in Bengal Delta. *Oxford Water Security Conference, Oxford, UK*, April 16-18, 2012 (with Akanda, A., Islam, S.).
15. Hydrology, Climate and Water-related Diseases: Challenges and Opportunities. *Science*

- Symposium on Climate and Health*. Atlanta, GA. September 12-13 2012 (with Colwell, R.).
16. Hydrology, climate and water-related diseases: Predicting cholera using satellite remote sensing, *Texas A & M University*. April 2012.
 17. Hydroclimatological controls and prediction of water-related diseases: Challenges and Opportunities, *West Virginia University*, March 2012.
 18. Linking Hydrology, Climate and Water-related Diseases: A challenge for which remote sensing offers a solution, *University of Maryland*, March 2012.

CONFERENCE PROCEEDINGS/NON-REFEREED ARTICLES

1. **Jutla, A.**, and Colwell, R. 2017. Changing climate and infections in the Middle East, *Annual Climate Change Conference*, Ras-Al-Khaimah, UAE April 4-9.

STUDENT ADVISOR/COMMITTEE MEMBER

Name	Degree	Thesis Title
------	--------	--------------

Graduate Level-Currently Enrolled

3. Moiz Usmani Ph.D. *To be decided*
2. Rakibul Khan Ph.D. *To be decided*
1. Ashish Kondal M.Sc. *To be decided*

Graduated

5. Rifat Anwar M.Sc. *SYStras: System dynamics approach to simulate dengue trigger and transmission mechanisms* (2017)
4. Fariborz Azadani Ph.D. *Assessment of climate change on occurrence of diarrheal diseases* (2016)
Working with State Highway Authority, Baltimore, MD
3. Lubna Hamdan Ph.D. *Understanding coupling of global and diffuse solar radiation with climatic variability* (co-advisor) (2016)
2. Haidaar Aldaach M.Sc. *Applicability of Land Surface Temperature in prediction of diarrheal diseases.* (2015)
1. Tianyi Luo M.Sc. *Estimation of evapotranspiration for all sky conditions using remote sensing data* (with S. Islam at Tufts University). (2012)
Working with Water Research Institute, DC, US.

Undergraduate Mentor

Project Title

1. Brandon Bowman B.Sc. Satellite based prediction of West Nile Viruses in West Virginia (*Won NASA undergraduate fellowship*)
2. Rebecca Posa* B.Sc. Scaling land surface temperature for global cholera prediction index using satellites (*Won NASA undergraduate fellowship*)
3. Hannah Billian B.Sc. Linking West Nile Virus with climatic processes (*Won NASA undergraduate fellowship*)
4. Erica Flederbach B.Sc. Understanding seasonality of West Nile Virus in US-1 (*Won NASA undergraduate fellowship*)
5. Marrisa Poultney B.Sc. Understanding seasonality of West Nile Virus in US-2 (*Won NASA undergraduate fellowship*)
6. Stephan Cavanaugh B.Sc. Demarcation of water bodies using satellite data (*Won NASA undergraduate fellowship*)
7. Claire McDonald B.Sc. TBD (*Summer Undergraduate Research Fellowship-CEE*)

**Won NSF graduate fellowship*

PROFESSIONAL AFFILIATIONS

American Geophysical Union [AGU]
 American Meteorological Society [AMS]
 American Public Health Association [APHA]

ACTIVE CITIZENSHIP

FOUNDATIONS/ ORGANIZATIONS

2014- Advisory Member, Global Alliance Against Cholera, Veolia Foundation, France
 2015- Member, Global Task Force of Cholera Control, World Health Organization.
 2017- Member, Natural Hazards Graduate Research Award, AGU.

WVU

2012- Member Recruitment Committee, CEE

2013-	Member	Safety Committee, CEE
2013-	Member	Scholarship Committee, CEE
2013-	Member	Digital, Media, and Emerging Educational Technology, CEE
2013-2014	Member	CEE P&T Committee
2014-2015	Member	CEE Water Systems Faculty Search Committee
2015-2016	Member	CEE Transportation Faculty Search Committee
2015-2016	Advisor	ASCE Student Organization
2015	Member	Faculty Council Executive
2015	Member	Goldwater Search Committee

OTHER

2006-2007	President	Indian Student Association at Tufts, Tufts University, USA
2000-2001	President	Indian Society for Technical Education, PAU Chapter, India
2004	Volunteer	Canadian Society for Civil Engineering Symposium, Canada
1999-2000	Secretary	Indian Society for Technical Education, PAU Chapter, India
